

## 5-3-2 Framework

This framework reflects a structure that has 5 forwards, 3 half backs, 2 backs, and goalkeeper, it is very similar to structures often described as 3-3-4 or 3-3-3-1.

### Individual roles:

The following are guidelines that establish the starting point for the playing structure.

- GK
  - Keep the ball out of the goal.
- LB
  - In possession, gives the ball to CH, Insides, Wing half's
  - Marks/covers space between LH and CH when ball on our left side
  - Covers the RB when ball on our right side
- RB
  - In possession give the ball to the CH, Insides, Wing half's
  - Marks/covers space between RH and CH when ball on our right
  - Covers the LB when the ball on our left side
- LH
  - In possession give the ball to IL, LW, CH, LB
  - Marks opponents right wing when ball on our left side
  - Covers space beside LB and CH when ball on our right
- RH
  - In possession give the ball to IR, RW, CH, RB
  - Marks left wing when ball is on our right side
  - Covers space beside RB and CH when ball is on our left
- CH
  - In possession controls the central area of pitch
  - Receives passes from full backs
  - Feeds insides and forwards
  - Supports forwards to switch point of attack

- Looks for shots from the top of the circle
  - Covers/marks central area in front of the full backs and behind the insides
- IL
- In possession feed LW, CF, IR, CH, LH
  - Support forward play and get into shooting positions
  - Mark area behind LW and CF, beside CH and in front of LH and LB when the ball is on our left
  - When the ball is on the our right, cover/mark beside and in front of CH
- IR
- In possession feed RW, CF, IL, CH, RH
  - Support forward play and get into shooting positions
  - Mark area behind RW and CF, beside CH and in front of RH and RB when the ball is on our right
  - When the ball is on our left, cover/mark beside and in front of CH
- LW
- In possession be available to receive ball from LH, IL, CH
  - Set up chances from the left side for CF, self, others
  - Support the attack and be available for shots from right side attacks
  - Mark the area in front of the LH
- CF
- Cover/mark central area in front of CH.
  - Be available and hold ball from passes out of defence.
  - Working with insides, wings and CH create shooting opportunities.
- RW
- In possession be available to receive the ball from RH, IR, CH
  - Set up chances from the right side for CF, self, others
  - Support the attack and be available for shots from left side attacks
  - Mark the area in front of RH
